Will Remain in Clay City.

The Swann-Day big planing mill in this city will remain with us they having given out the idea of moving to Beattyville or any other point. The machinery here is all being over hauled and put in first class working order. They fired up Tuesday and Wednesday morning the whistle blew for the first time since the shutdown some weeks ago. Clay City people are glad that they will remain with them, and trust that matters have been so arranged that the company will

never again have to consider abandoning this place.

To Call Pastor.

Elder George D. Verco has rounded out another year's pastoral work at the Christian church, Sunday being his last day. He too was unable to fill the stand at this time, and his place was supplied by Elder Savage, of Lexington. The church is now without a pastor but a new minister will be called shortly. The Christian church here is one of the strongest and most active churches in the city.

Twelve Months Dead Line.

By order of the Postoffice Department all weekly papers can no longer be mailed as second-class matter to subscribers twelve months or more in arrears. In complying with this new ruling we have been compelled to cut off 300 names, and all subscribers from this time on will have to be promptly dropped when their subscription becomes twelve months past due. Please keep yourself from under the dead line by paying one year in advance. Publisher.

Just a Sample Copy.

We this week send to a number of our old subscribers a sample copy. This is to remind them that the Times is still being published and it wants them on the list again. The paper would never have been discontinued had not Uncle Sam got contrary and stopped us from mailing them at the second class rate where they were more than twelve months in arrears.

We want you on our list again, Dear old subscriber, so please do not further delay sending the amount you owe together with an additional fifty cents for a year in advance and then you are headed for two more years. Don't delay this but send in today.

A Sad Farewell.

A number of subscriptions have this week become twelve months past due, and according to the postoffice ruling we are compelled to cut them off and send them the paper no more until they renew, paying all arrears. We regret having to do this, but the law is imperative and we must obey. Dear Subscriber, we again remind you that we hate to give you up, and hope that we may soon meet again. 'Tis hard to utter but still we must say, Good-By.

Dog Tax Reduced.

The dog law has caused no little trouble during this session of the Legislature. The Republicans were pledged by campaign speeches, to repeal this obnoxious law, but like on the temperance question, when they got to Frankfort they changed their minds, and the matter was held up until Wednesday when the compromise reducing the tax to 50 cents instead of \$1.00 was passed.

Getting into Trouble.

There has lately been some petty depredations about the city school building. Some one has, on more than one occasion pried up the windows and stole some valuable books chalk and other articles. The staple has been drawn at the coal house and likely some coal is missing. The officers are onto them and if they don't watch they will be caught pretty soon.

Sale of Town Property.

Dr. B. R. Smith has purchased of Frank B. Russell his handsome residence in this city for \$1,800.00. This is very fine property and well worth more money. For a time it was intimated that Dr. Smith would leave Clay City but the purchase of such an elegant home sets at rest these false rumors.

City Council.

The City Council met in regular session Friday night and in the absence of a quorum adjourned until Saturday night. There was no quorum Saturday night so the meeting again adjourned this time to Monday night. At the meeting Monday night there were all members present except C. C. Eaton who is in Jackson county on business.

The Marshal's report showed \$70.00 collected on tax and \$15.00 on fines. The Police Judge's report showed \$40.00 collected on fines. The Treasurer's report showed a balance of \$1,238.74 in the treasury.

The following bills were then presented and allowed.

Luther Loving, Clerk,	\$ 5 00

W. T. Adams was elected special Police Judge.

The Marshal was instructed to enforce the ordinance against owners of hogs allowing them to run at large untrung.

A. S. Henry, General Manager the Kentucky Union Company, had been notified to rebuild the

bridge across the mill race of the company at the bank. His reply is a very caustic letter was read in which he firmly declined to repair or build another bridge. The officers of the town decided to compel him to do this if he continues to exercise ownership of this property.

The council then adjourned to meet again Saturday night for the purpose of making settlement with the Marshal.

Where the Panic is Worse.

Leslie Todd returned last week from a tour in Indiana and Illinois. He says he there visited the railroad yards and shops in a number of places, and said he saw miles of empty freight cars sitting on the tracks many of them with rust on the wheels which showed that they had been out of use for many weeks. He reports the panic apparently much more severe in these states than in Kentucky.

George W. Anderson, Jr. has again started his produce wagons over the country and will not be satisfied until he buys every egg, chicken, and all other kinds of produce that can possibly be bought. Country produce is one of the main-stays of the country and our county should furnish four times the amount it does furnish.

R. L. Daniel, auctioneer reports the sale of W. J. Christopher at Spout Spring last Thursday very well attended notwithstanding the downpour of rain. Articles sold well and the bidding was very liberal.

Dr. B. R. Smith has purchased of Mrs. Littlepage the drug store in this city. He will replenish the stock and handle every article that goes to the make-up of a first-class drug store.
